THE COTTAGE HERB GARDEN AND SHOP

The quaint little Cottage Herb Garden and Shop adjoin the Bishop's Garden of Washington Cathedral. The Herb Garden was designed by the late Mrs. G. C. F. Bratenahl, landscape architect of Washington Cathedral and chairman for many years of the garden committee of All Hallows Guild. The Garden and Shop were opened in 1934 for the purpose of making living plants and dried herbs available to the public. ♡ The offerings received are used solely for the maintenance of Washington Cathedral. Some of the plants are grown in the Cathedral greenhouse, and some in the Herb Garden. ♡ The Garden lies within a curving low stone wall. An ancient pavement of pie-shaped bricks leads to the door of the English Cottage (once the Temporary Baptistry) which houses the Shop. Visitors are most cordially welcomed. ♡ The hours are 9 to 6 in Summer, and 9 to 5 in Winter, except on Sundays and the great feast days of the Church. The Garden contains two unique herb gardens: one of many herbs named in the Bible, and one of herbs named in Shakespeare's plays and poems.

SHIPMENT OF PLANTS from the greenhouses can be made throughout the United States, according to Government Regulations, during Spring, Summer, and early Fall. (April through September.) Plants are inspected and passed by the U. S. Department of Agriculture before shipment. PLANTS ARE HEALTHY, WELL ROOTED, VERY CAREFULLY PACKED: BUT TRANSPORTATION CONDITIONS CANNOT BE GUARANTEED.

PLANTS ARE PRICED at 25c each, or \$2.50 a dozen, except Tarragon and Geraniums, as indicated in the following list, plus 50c for packing. The minimum order accepted for shipment is for six plants. Transportation charges are additional. Shipment by express is recommended. Seeds are 10c a packet.

When ordering Plants or Seeds please give substitute choices to save time in handling order.

HERBS FOR THE GARDEN

(PLANTS OR SEEDS)

"A little cottage plot . . . And did you not notice how ever and again you fell upon some quaint, strange plant which has been expelled from the modern border, which seemed to touch your inmost soul and to fill your mind, especially if in childhood, with a sense of wonder and mysterious awe."

AMBROSIA. *Chenopodium botrys*. Annual. Fragrant, small oak-like leaves. Used as a tea.

BALM. Lemon. *Melissa officinalis*. Perennial. Dark green lemon-scented leaves. Used in fruit salads and iced tea, and in Potpourri.

BASIL. Bush. *Ocimum minimum*. Annual. Aromatic green leaves; spicy flowers. Used in salad dressings and with cottage cheese.

HOW TO USE HERBS

Herbs should add subtly to the flavor and aroma of your cooking. They should never dominate the dish.

USE SPARINGLY AT FIRST. It is easier to add than subtract. Begin with a pinch of herbs to a serving for four. Pulverize between your fingers or in palm of your hand to release the flavor. **DO NOT USE HERBS** in more than one or two dishes at the same meal.

Try them singly or in combinations.

One or two mild flavored herbs such as:

with one herb of stronger flavor from the following:

| | | | |
|----------------|-------------------------|--------------|---------|
| Basil | Thyme (Called by) | Pot Marjoram | Caraway |
| Chervil | Tarragon (the French) | Savory | Sage |
| Sweet Marjoram | Chives ("fine herbs.") | Fennell | Mint |
| | | Dill | Oregano |

Use herbs—singly or combined—in Soups; Omelettes; Cottage Cheese; Herb Butter; Salad and Salad Dressings; Vegetable dishes and juices; Meats, stews, and gravies; Fish and fish sauces.

RECIPES

BOHEMIAN CLUB ONION SOUP: Slice three strong onions and cook until soft in some olive oil and a little butter. Add to either chicken broth, meat stock or water, a cup of cream or rich milk when the onions are soft (not browned), pepper and salt, some of the sweet green herbs,* finely minced, added on serving but not cooked. May be served with grated parmesan cheese.

—Helen Lyman, *10 Herbs Will Make a Kitchen Bouquet*.

*For sweet green herbs, try marjoram, savory, thyme and parsley.

OMELETTE AUX FINES HERBES: Various combinations of herbs may be used, but for the omelette the following is good: thyme, basil, summer savory, and chives. If fresh herbs are used, chop them finely and mix, adding to the omelette just before folding, or mixing them with the eggs before cooking the omelette. If dried herbs are used, soak in cream or water, drain and chop.

4 eggs slightly beaten
1 tablespoon of olive oil
½ teaspoon salt

4 tablespoons of cream
2 tablespoons of mixed herbs
⅛ teaspoon pepper

The omelette is made by slightly beating the eggs, and adding for each egg one tablespoon of cream, salt, and pepper. Cook in olive oil or melted butter.

Mix all the ingredients, put oil into a hot omelette pan, pour in the egg mixture and shake the pan slightly during cooking. Fold, and serve immediately.

The French or Spanish omelette is never brown.

—Miss Shapleigh's recipe adapted from the French, *Gardening with Herbs*, Fox.

ROAST LEG OF LAMB, A LA ROSEMARY: Prepare leg of lamb as usual, making small slit in the stout part. Place a small spray of rosemary (or 1 teaspoonful, if dried) in the slit, and sew. Baste with olive oil.

ROSEMARY BISCUIT: Two cups of bread flour, into which are cut $\frac{1}{3}$ cup shortening and $\frac{1}{4}$ cup finely chopped rosemary leaves. If the dried herb is used, the leaves must be soaked in hot milk till soft. Add 1 cup milk, 3 teaspoons baking powder, salt, and $\frac{1}{3}$ cup sugar. Roll lightly, cut in blocks, and bake carefully. These should be browned, but not hard.

—H. N. Webster, *Herbs—How to Grow Them and How to Use Them*.

SUMMER HERB SALAD: Sprinkle lettuce leaves lightly with minced fresh marjoram, fennel and summer savory. Add French dressing with which a *trifling* portion of prepared mustard has been mixed.

TARRAGON VINEGAR (for salads): Fresh or dried leaves of tarragon, 2 oz., vinegar—good wine vinegar, 1 qt. Heat the vinegar and pour over the leaves and let it stand 12 hours *only*. Strain off and bottle.

—Mary C. Dennis, *What to Do with Herbs*.

HERB COTTAGE FRUIT CUP: To one large can of fruit cocktail add: 1 diced apple, 1 sliced banana, grated rind and juice of 1 lemon, 1 teaspoon finely chopped mint or lemon-balm leaves. Chill together.

CARDAMON COOKIES (delicious with herb tea):

$\frac{1}{2}$ cup butter

1 cup sugar

2 eggs

Flour enough to make a dough to roll out

1 tablespoonful finely crushed cardamon seed

Grated rind of 1 lemon

1 teaspoonful soda dissolved in $\frac{1}{4}$ cup hot water

Cream butter and sugar, add crushed cardamon seed, eggs well beaten, and flour; roll thin, cut into shapes; bake at 375 degrees until lightly brown. To prepare cardamon seeds, remove outer shell and crush with rolling pin.

SPAGHETTI-AND-TOMATO RECIPE OF AN OLD ROMAN COOK: Boil 1 pound of spaghetti 20 minutes. Drain dry. Toss into a frying pan of hot oil (1 cup) in which has been previously browned 1 chopped onion, or 1 clove of garlic and a few leaves of sweet basil, green or dried.

Turn the spaghetti constantly with two forks, lifting it until the whole is thoroughly saturated with the hot oil, salt and pepper.

Pour over a tomato sauce and serve with grated cheese and a sprinkle of saffron flowers if you like.

—Rosetta E. Clarkson, *Herbs—How to Grow Them and How to Use Them*.

NOTE: A small booklet of herb cookie recipes has recently been published by the Cottage Herb Garden. Copies are now available for 25c.
